Election/Restrictions

1. In a telephonic interview with W. Scott Harders on June 14, counsel requested the withdrawal of the restriction requirement since counsel believed that claim 51 is generic. On June 16, 2004, it was agreed that claim 51 is generic to species of figures 6A-6E. Upon further review, claims 73, 75, 76, and 78 were found also generic.
2. Claims 51, 73, 75, 76, and 78 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species directed **to Group I, figures 6A-6E is hereby withdrawn.**

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
